Ovid

- پایگاه اطلاعاتی Ovid از پیشگامان خدمات اطلاعاتی دانشگاهی و تحقیقاتی علوم، پزشکی، حقوق، الکترونیک، آموزش و تجارت است و همچنین مجموعه ای از پایگاه های اطلاعاتی است که امکان جستجوی همزمان چندین پایگاه اطلاعاتی را فراهم می کند.
- Ovid از سال ۱۹۸۸ شروع به کار کرده و در سراسر دنیا توسط کتابخانه ها، محققان، پزشکان، مراکز بیوتکنولوژی، مراکز تحقیقاتی، بیمارستانها، دانشجویان رشته های مختلفی نظیر پزشکی، داروسازی، مهندسی مورد استفاده قرار می گیرد. Ovid متعلق به شرکت Wolters Kluwer Health می باشد.

در مرورگر وب خود آدرس سایت کتابخانه الکترونیک دانشگاه علوم پزشکی ایران (diglib.iums.ac.ir) را وارد نموده، سپس بر روی لوگوی پایگاه Ovid کلیک نمایید.

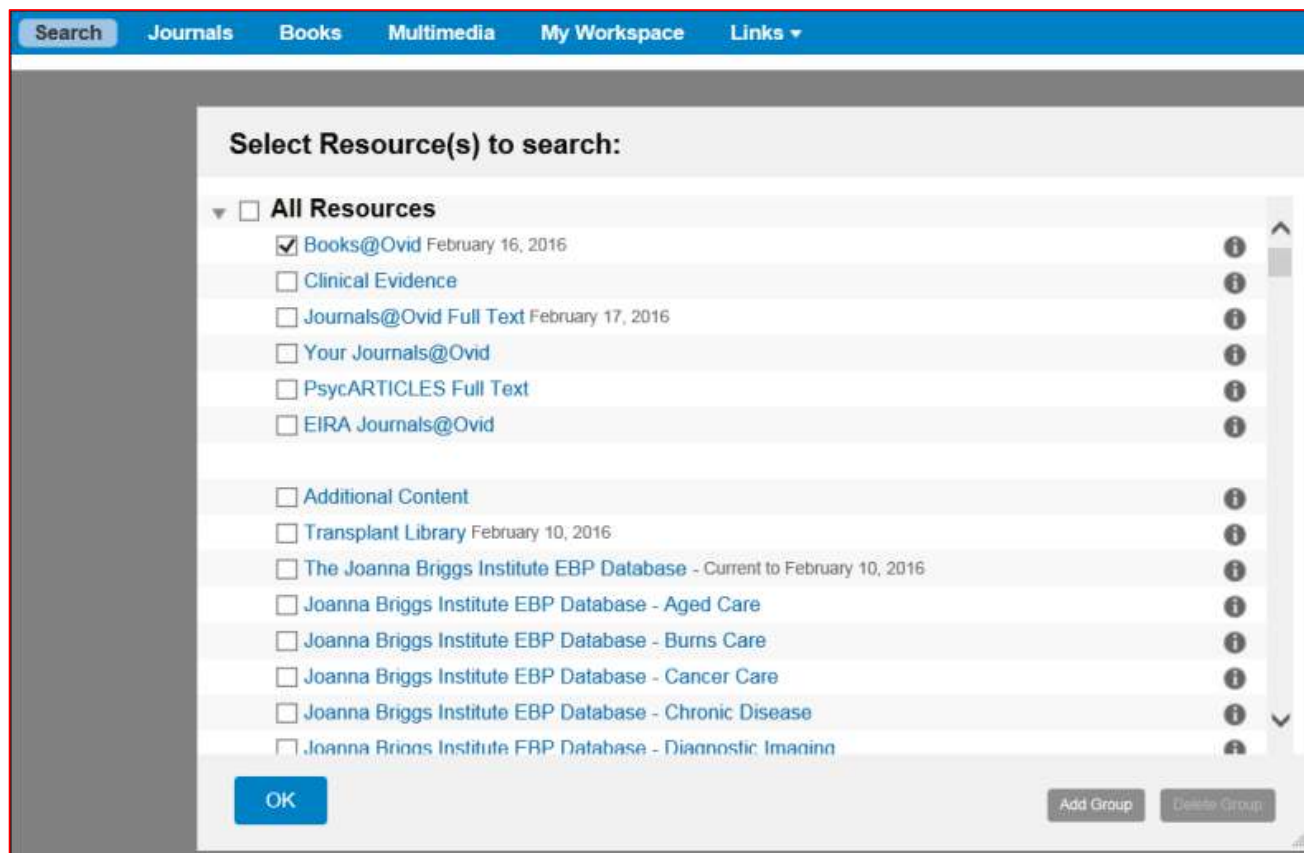

جهت استفاده از پایگاه ابتدا باید ثبت نام انجام دهید و یا اگر قبلا ثبت نام نموده اید روی گزینه ی **My Account** کلیک نمایید.

The image shows a screenshot of the OvidSP website interface with several annotations:

- Top Navigation Bar:** The Ovid logo is on the left. On the right, the "My Account" link is circled in orange. Other links include "Support & Training", "Help", "Feedback", and "Logoff".
- Secondary Navigation Bar:** Contains links for "Search", "Journals", "Books", "Multimedia", and "My Workspace".
- Personal Account Login Form:** A central white box with the title "Personal Account Login". It contains:
 - A text input field for "Personal Account Name:".
 - A text input field for "Password:".
 - A blue "Login" button.
 - A link: "Forgot Account Name or Password?"
- Registration Link:** To the right of the login form, there is a link "Don't have an account?" with a small person icon above it. Below this link is a blue "Create Account" button.
- Annotations:**
 - A large green arrow points from the left towards the login form, with the Persian text "ورود از طریق نام کاربری" (Login via username) written inside.
 - A large green arrow points from the right towards the "Create Account" button, with the Persian text "ثبت نام و ایجاد نام کاربری" (Registration and creation of username) written inside.
 - An orange bracket on the left side of the login form connects the "Forgot Account Name or Password?" link to the "Personal Account Name:" input field.
- Bottom Left:** The OvidSP logo.
- Bottom Right:** Illustrations of laboratory glassware: an orange beaker with bubbles, three green test tubes in a rack, and a yellow clipboard.

وارد پایگاه Ovid شوید، سپس از لیست پایگاه های موجود، با تیک زدن در چک باکس لیست پایگاه های فهرست شده یک یا چند پایگاه مورد نظر را انتخاب نمایید. توضیحات مربوط به هر یک از پایگاه های اطلاعاتی را با کلیک روی علامت **i** می توانید بدست می آورید.

The screenshot shows the 'Select Resource(s) to search:' dialog box in the Ovid interface. The dialog has a blue header bar with tabs: Search, Journals, Books, Multimedia, My Workspace, and Links. Below the header, there is a list of resources with checkboxes and an 'OK' button at the bottom left. The resources listed are:

- ☒ All Resources
- ☒ Books@Ovid February 16, 2016
- ☐ Clinical Evidence
- ☐ Journals@Ovid Full Text February 17, 2016
- ☐ Your Journals@Ovid
- ☐ PsycARTICLES Full Text
- ☐ EIRA Journals@Ovid
- ☐ Additional Content
- ☐ Transplant Library February 10, 2016

مراحل جستجوی پایه

- تایپ موضوع یا سوال خود به زبان طبیعی
- اعمال فیلترهای محدودگر جهت جستجو
- کلیک بر روی گزینه جستجو
- نمایش نتایج جستجو توسط پایگاه Ovid

توجه: مؤثرترین راه برای انجام یک جستجوی پایه نوشتن نمایش موضوع به زبان طبیعی است ، مانند تأثیر کم کاری تیروئید بر نارسایی قلبی ، زیرا ovid از پردازش زبان طبیعی برای نمایش جستجوی شما استفاده می کند. اپراتورهای بولی (AND ، OR ، NOT) در این جستجو معنای خاصی ندارند. آنها به عنوان واژگان ساده انگلیسی تعبیر می شوند که کلمات مهم را از هم جدا می کنند. اگر می خواهید از اپراتورهای بولی یا سایر عملگرها استفاده کنید، می بایست از جستجوی پیشرفته استفاده کنید.

*گزینه **Include Related Term** (شامل کلمات مترادف، مرتبط می باشد هنگامی که این گزینه انتخاب می شود نیاز به جستجوی اصطلاحات مشابه را بر طرف می کند. به عنوان مثال، اگر عبارت جستجوی **Child** را وارد کنید و عبارت های مرتبط را انتخاب کنید، **Ovid** به جستجوی **children, childhood, kids, kid** می پردازد.

*گزینه **Include Multimedia** به شما امکان می دهد فیلم ها، فایل های صوتی و تصاویر را در نتایج خود بگنجانید. اینها به طور پیش فرض در جستجوی اصلی حذف شده اند.

Search Fields

Advanced Search

با استفاده از بخش جستجوی پیشرفته در Ovid می‌توان جستجوی خود را به کلیدواژه، نام نویسنده، عنوان مقاله، عنوان مجله و نام کتاب محدود نمود. همچنین از طریق فیلترهای موجود، محدودتر کردن نتایج جستجو براساس نوع مقاله، سال انتشار، گروه های سنی، زیرمجموع های موضوعی و امکان پذیر است.

Advanced Search

تکنیک های جستجوی پیشرفته Ovid به شما این امکان را می دهد تا به جای نیاز به تایپ یا بازنویسی عبارات طولانی در هر بار جستجو، با استفاده از دستورات خاص و بکارگیری عملگرها، سینتکس جستجوی خود را نوشته و نتایج را بازیابی نمایید.

Truncation & Wild Cards

Truncation	<code><rootword>\$</code> or <code><rootword>*</code>	<p><i>Unlimited right-hand truncation</i> searches for variations on a word that are formed with different suffixes.</p> <p>For example, a search for <code>gene*</code> finds occurrences of <i>gene</i>, <i>genes</i>, <i>genetics</i>, and <i>generation</i>.</p>
	<code><rootword>\$<n></code> or <code><rootword>*<n></code>	<p><i>Limited right-hand truncation</i> restricts the number of characters following the word.</p> <p>For example, a search for <code>dog\$1</code> finds occurrences of <i>dog</i> and <i>dogs</i> but not <i>dogma</i>.</p>
Wild cards	#	<p>The <i>mandated wild card</i> character stands for one character within a word or at the end of a word.</p> <p>For example, <i>organi#ation</i> finds occurrences of <i>organization</i> and <i>organisation</i>, and <i>dog#</i> finds occurrences of <i>dogs</i> but not <i>dog</i>. It can be useful for irregular plurals.</p> <p>For example, <i>wom#n</i> finds occurrences of <i>woman</i> and <i>women</i>.</p>
	?	<p>The <i>optional wild card</i> character stands for zero or one characters within a word or at the end of a word. It is useful for retrieving records with British and American spelling variations because it finds words whether or not the extra character is present.</p> <p>For example, a search for <i>colo?r</i> finds occurrences of <i>color</i> and <i>colour</i>.</p>

Operators

The AND operator lets you retrieve only those records that include all of your search terms.

AND

The OR operator lets you retrieve records that contain any of your search terms.

OR

The NOT operator lets you retrieve records that contain your first term but exclude the second term.

NOT

The ADJ operators finds two terms next to each other in the specified order.

ADJ

ADJn is a positional operator that lets you retrieve records that contain your terms (in any order) within a specified number (n) of words of each other.

ADJn

Using the frequency operator (FREQ) lets you specify a term's threshold of occurrence in the records retrieved.

Ovid Multimedia

در صورتیکه بخواهید فقط یک مدرک چندرسانه ای را جستجو نمایید، می توانید از این بخش از Ovid استفاده کنید.

The screenshot displays the Ovid Multimedia search interface. The top navigation bar includes 'Search', 'Journals', 'Books', 'Multimedia' (selected), and 'My Workspace'. On the left, a 'Quick Search' box is present, along with a 'Browse By' section under 'Subject/Category' listing various medical fields and their counts. The main content area shows a search result for 'Sling Swing Transposition for MVD' by Khoo, Hui Ming MD, et al. The result includes a video thumbnail, the title, authors, journal name, and a link to the abstract. The interface also features a search bar, a 'Search (All Multimedia)' button, and a 'Go' button. The result card shows the video title, duration (1:39 min), and a 'Download (2.76 MB)' link. The interface is clean and professional, with a blue header and a white background.
